D2. Water Conservation Outreach (Presenter Kim Domingo)

GM Domingo received conservation educational materials from another Director. The materials are targeted for different school age groups. It would be helpful to recruit a teacher from Rosamond High School and elementary schools to assist with this conservation outreach.

Director Wood suggested that topics include basic information like low flow toilets and not let the water keep running. Pres. Washington is in favor of moving the program forward.

He also suggested the month of June be Water Conservation Month and suggested we could give our customers a \$10 account credit with proof of purchase of a low flush toilet. Water awareness month is held in May.

Future topics: Pres. Washington- Continue water conservation outreach discussion each month. Dir. Glennan – Water Bank update.
