Requirements Regarding Disabled Access: In accordance with Government Code §54954.2(a), requests for a disability related modification or accommodation, including auxiliary aids or services, in order to attend or participate in a meeting, should be made to the RCSD Board Secretary at least 48 hours in advance of the meeting to ensure availability of the requested service or accommodation. Please contact the Board Secretary by telephone at (661) 256-3411, Email: stimm@rosamondcsd.com or in writing at the Rosamond Community Services District, Attn: Board Secretary 3179 35th Street West, Rosamond, CA 93560.

Pursuant to Government Code Section 54957.5, any writing that: (1) is a public record; (2) relates to an agenda item for an open session of a regular meeting of the Board of Directors; and (3) is distributed less than 72 hours prior to that meeting, will be made available for public inspection at the time the writing is distributed to the Board of Directors. Any such writing will be available for public inspection at the District offices located at 3179 35th Street West, Rosamond, CA 93560. A complete agenda packet containing all accompanying reports for this agenda is available by contacting the Board Secretary stimm@rosamondcsd.com or 661-256-3411, or in person or writing to Rosamond Community Services District, Attn: Board Secretary 3179 35th Street West, Rosamond, CA 93560.

Board meetings are subject to audio recording.

RE: Availability of Draft 2026 Regional Transportation Plan (2026 RTP)/Sustainable Communities Strategy (SCS), Draft 2027 Federal Transportation Improvement Program (2027 FTIP), Corresponding Draft Conformity Analysis and Draft Environmental Impact Report (EIR) for Public Review

The documents noted above are being released for public review and comment.

- The Draft 2026 RTP/SCS is a long-term coordinated transportation/land use strategy to meet Kern County's transportation needs out to the year 2049. 55-day public review from May 8 to July 2. Please follow this link here: <http://www.kerncog.org/category/docs/rtp/>
- The Draft EIR document provides an analysis of potential environmental impacts related to the implementation of the 2026 RTP/SCS as required by the California Environmental Quality Act. 45-day public review from May 18 to July 2. Please follow this link here: <http://www.kerncog.org/category/docs/rtp/>
- The Draft 2027 FTIP is a listing of capital improvement and operational expenditures using federal and state monies for transportation projects in Kern County during the next four years. 30-day public review from June 1 to July 2. Please follow this link here: <http://www.kerncog.org/category/docs/ftip/>
- The Draft Conformity Analysis contains the documentation to support a finding that the 2026 RTP/SCS and 2027 FTIP meet the air quality conformity requirements for ozone and particulate matter. 30-day public review from June 1 to July 2. Please follow this link here: <http://www.kerncog.org/conformity/>

Comments are welcomed at the public hearings 6:00 P.M. June 1, 2026 (Tehachapi) and 6:30 P.M. June 18, 2026 (Bakersfield); comments are due in writing by 5:00 P.M. July 2, 2026. All written comments should be submitted to Kern Council of Governments (Kern COG), 1401 19th Street, Suite 300, Bakersfield, CA 93301. The Kern COG Board of Directors will consider the adoption of the 2026 RTP/SCS, EIR, 2027 FTIP, and Conformity Analysis 6:30 P.M. August 20, 2026.

If you have any questions, please contact the following staff:

Ben Raymond, 661/635-2911 or braymond@kerncog.org, for the 2026 RTP/SCS and EIR;
Ceasar Valle, 661/635-2917 or cvalle@kerncog.org, for the 2027 FTIP;
Vincent Liu, 661/635-2913 or vliu@kerncog.org, for the Conformity Analysis

DRAFT – May 2026

Regional Transportation Plan and Sustainable Communities Strategy

2025 Outsiders Kindergarten Transportation Parade – Bakersfield CA

EXECUTIVE SUMMARY

ABSTRACT

This Regional Transportation Plan (RTP) establishes a comprehensive, multimodal vision for a safe, equitable, and sustainable transportation system serving the Kern, one-county region over a 20-plus year planning horizon. Prepared in accordance with the most recent guidelines adopted by the California Transportation Commission, the RTP identifies current and future transportation needs, system deficiencies, and constraints while advancing strategies to improve mobility for people and goods. The plan integrates land use, environmental stewardship, and transportation investment decisions to support regional and statewide goals, including economic vitality, public health, system resilience, and climate change mitigation. This comprehensive document incorporates required sections on Sustainable Communities Strategy (SCS), Congestion Management Program (CMP), growth forecasts, policies, financing, performance measures, public outreach and numerous other requirements. As a long-range policy document, the RTP communicates a grassroots vision providing a foundation for programming and funding decisions.

Consistent with state and federal requirements, the RTP presents a coordinated and balanced approach to transportation planning across all modes, including highways, transit, rail, aviation, goods movement, bicycle, and pedestrian

systems. The plan is both action-oriented and fiscally informed, addressing near-term (0–5 year) and long-term (15–20+ year) implementation horizons while maintaining internal consistency between policy priorities and financial constraints. Core elements of the RTP include identification of regional transportation issues, quantification of needs, and development of policies and strategies that guide decision-making and investment. These elements are designed to ensure a continuous, cooperative, and comprehensive planning process that aligns regional priorities with statewide objectives and supports delivery of implementable transportation projects.

The RTP also reflects an inclusive and performance-based planning framework that incorporates stakeholder engagement, environmental considerations, and evolving mobility trends. Emphasis is placed on enhancing system safety, improving accessibility for disadvantaged communities, reducing greenhouse gas emissions, and increasing transportation system efficiency and reliability. Through collaboration with local jurisdictions, state and federal agencies, tribal governments, and direct outreach to the public which has garnered input from over 10,500 residents, the RTP advances a grassroots, shared vision for a resilient and integrated transportation network. This approach ensures that transportation investments are responsive to regional needs while contributing to broader state and federal policy goals and regulatory requirements.

INTRODUCTION

Kern COG was established in 1970 with a joint powers agreement (JPA) between the eleven cities and the county of Kern, creating a governing body made up of elected representatives from each municipality and two of the County Supervisors. It is a federally designated

The Kern region's air monitoring system has demonstrated an 80% improvement in NOx emissions since 1980... In addition, the Kern region has outperformed the 2020 state greenhouse gas (GHG) target, and this plan shows we are on track to achieve the 2035 GHG target... for passenger vehicles and light-duty trucks

Metropolitan Planning Organization (MPO) and a state designated Regional Transportation Planning Agency (RTPA). The JPA and these designations formally establish Kern COG's role in transportation planning. Preparing the Regional Transportation Plan (RTP) is one of Kern COG's primary federal and state roles.

The RTP is a 24-year blueprint that establishes a set of regional transportation goals, policies, and actions intended to guide development of the planned multimodal transportation systems in Kern. It has been developed through a federally required continuous, comprehensive, and cooperative planning process, and provides effective coordination between local, regional, state and federal agencies on a 4-year update cycle.

Major Issues - This continuous plan development process greatly advances the goals from prior cycles. For example, adopted concurrently with the RTP is the federal air quality conformity analysis demonstrating attainment of federal Clean Air Act Amendments of 1990. The Kern region's air monitoring system has demonstrated an 80% improvement in NOx emissions since 1980, advancing federal conformity goals. NOx emissions are precursor gases in the formation of Ozone and Particulate Matter, health-based criteria pollutants.

In addition, the Kern region has outperformed the 2020 state greenhouse gas (GHG) target required by Senate Bill

Figure ES-1: 1st in U.S. All Electric Off-Grid Solar Truck Stop on SR 65 in Bakersfield, 50 Spaces – World's Largest Off-Grid EV Solar Charging Facility with 168 Spaces on SR 46 near Lost Hills

(SB) 375, and this plan shows we are on track to achieve the 2035 GHG target set by the California Air Resources Board (ARB) for passenger vehicles/light-duty trucks. The region's targets were set at 9 percent per capita reduction by 2020, and the 15 percent per capita by 2035 as compared to 2005. These targets are discussed in the Sustainable Community Strategy (SCS)

...goals for greater housing choices reflect low-income housing need while supporting directed transit planning and investment

found in Chapter 4 of this Plan.

Continued progress toward the state target and federal air conformity budgets will not be easy. For both conformity and the SCS, the simple reductions have been achieved and the region needs to fully implement the remaining strategies and measures identified in this plan such as zero emission charging infrastructure (See **Figure ES-1**) if these air emission goals are to be met.

The SB 375 SCS law also provides for closer integration of the RTP/SCS with the Regional Housing Needs Allocation (RHNA) plan.

Developed on an 8-year cycle, RHNA goals for greater housing choices reflect low-income housing need while supporting directed transit planning and investment. Kern COG closely coordinated the RHNA and RTP/SCS development process using the same oversight committee for both. Local jurisdictions use the RHNA goal to identify locations to provide sufficient housing for all economic segments of the population and ensure that the state's housing goals are met. These goals also include efforts to provide more compact/affordable housing choices that support RTP/SCS investment in transit (See **Figure ES-2**).

In addition to coordination with air quality and housing goals, Kern COG addresses environmental issues in a Program Environmental Impact Report (Program EIR), prepared pursuant to the California Environmental Quality Act (CEQA), for the RTP. Individual transportation projects are preliminarily identified in the RTP; however, the Program EIR analyzes potential environmental impacts from a regional perspective, providing opportunities for streamlining the analysis required in project specific environmental documents.

Figure ES-2: Central Bakersfield Core Area Incentives Have Resulted in 1,300 Units in 10 years Supporting Transit Investment Along Planned Bus Rapid transit/Future Light Rail Corridors

PUBLIC PARTICIPATION: Listening to the Citizens and Stakeholders

Our region's continuous public participation process encourages participation at every stage of the planning process, and all meetings are actively promoted and open to the public. Community engagement and outreach are fundamental to the development of this

By nature, this plan represents the region's mutual vision for its future and was developed using grassroots, bottom-up approach, garnering input from over 10,500 residents at over 50 events, public meetings and surveys (online/ phone/text) with Spanish translation, across the region over the past 4 years

RTP/SCS. By nature, this plan represents the region's mutual vision for its future and was developed using a grassroots, bottom-up approach, garnering input from over 10,500 residents at over 50 events, public meetings and surveys (online/phone/text) with Spanish translation, across the region over the past 4 years. The community engagement process gathered residents'

input on their priorities for the region's long-term future, while balancing survey responses with more informed, yet perhaps less representative, responses at public events. The outreach featured four statically valid 1,200-person phone/text surveys with oversampling in disadvantaged communities. The outreach process extended from January 2023 through June 2026. The program provided numerous opportunities for community members, and local stakeholders, and local agencies to participate, including public workshops, community events, interactive and educational booths at festivals and fairs, online via the project website (www.kerncog.org/2026-rtp), statistically valid phone/text surveys, and presentations to various community groups (See **Figure ES-3**).

What we heard was that most residents want to maintain, fix and finish what we have. A discussion of Kern COG's extensive public participation activities is found in Chapter 4 of the RTP, and a Summary of Findings is documented in **Appendix C** of the RTP.

Figure ES-3: Over 10,500 Residents Participated in Over 50 Public Outreach Events and Surveys, Such as Events at an Arvin Church, Taft Festival and Wasco Police Activities League

OUR VISION: Maintain, Fix and Finish What We Have

In response to the extensive grassroots public input, the Kern COG RTP process has placed an emphasis on achieving air emission, safety, and economic goals while maintaining, fixing and finishing our transportation system. The intent of the SCS chapter 4 is to achieve the state's

The safe, secure, and efficient transportation systems will provide improved access to opportunities, such as education, jobs and healthcare.

emission reduction targets for automobiles and light trucks. The SCS will also provide opportunities for a stronger economy, healthier environment, and safer quality of life for all of Kern's diverse communities.

This RTP/SCS seeks to: improve economic vitality, air quality, community health, mobility and safety, while promoting the conservation of natural resources and undeveloped land, regional access to community services, increase energy independence, and increase opportunities to help shape our community's future.

Kern County is unlike any other region in California. Kern's large size and diverse valley, desert and mountain environs are dominated by agriculture, oil production, renewable energy, aerospace, military, recreation, transportation linkages and other activities that warrant unique and different approaches to address RTP/SCS goals. These economic pursuits are the basis for dispersed rural centers and strategic locations for developments within the county that are unlike other areas of the state. Accordingly, unique strategies are needed to support Kern's equity, economic, and environmental transportation goals. This uniqueness is reflected in the General Plans and programs of Kern County's local governments and the RTP/SCS.

This RTP/SCS supports an improved quality of life for our residents by providing more choices for where they will live, work, and play, and how they will move around. The safe, secure, and efficient transportation systems will provide improved access to opportunities, such as education, jobs and healthcare. Promoting bike and ped safety is one of many strategies being employed to achieve our vision (See **Figures ES-4 & -5**).

Figure ES-4: Active Transportation Program - Portable Mock City Bike Safety Training Kit

CHALLENGES/SOLUTIONS

Solutions for the Economy and Air Quality - Kern County continues to suffer from unemployment rates that are nearly double State average. In 2020, Kern County sank to the 2nd worst poverty rate after tiny Del Norte County at the northwest corner of the state, while the rest of the state has been recovering from the great recession

...every \$1 billion spent on roadway infrastructure creates 13,000 job years

and pandemic, state policies to combat climate change have slowed Kern's recovery. Those policies have curtailed groundwater pumping for agriculture, and new investment in oil production, two of Kern's primary economic sectors.

The Federal Highway Administration estimates that every \$1 billion spent on roadway infrastructure creates 13,000 job years while transit creates 40,000 job years of employment. This value is generated by direct construction, indirect construction suppliers and induced jobs in retail, services and other sectors that benefit from more efficient goods movement

Figure ES-5: 90% of Project Mileage in 30-Year Bike & Pedestrian Complete Streets Plan Delivered in Just 15 Years

(<https://www.fhwa.dot.gov/policy/otps/pubs/i mpacts/>). The induced jobs make up about 1/3rd of the total jobs. The plan's \$14 billion (see Chapter 5, Table 5-1), 24-year investment plan is projected to add 64,740 5-year job positions, increasing Kern's economic base, adding capacity to re-invest in an ever more efficient/cleaner transportation system, triggering an upward economic spiral for future generations.

Since the 1990s, the Kern region has achieved consistent improvements in the number of days exceeding federal standards for ozone and particulate matter, generally defined as "fine dust". In 2012, Kern demonstrated attainment of the 1-hour ozone standard and has made significant progress on the 8-hour ozone and PM2.5 standards. Advancing emission reduction strategies helps our region to make significant progress toward both federal and state air emission goals. Strategies such as improving transit, bike, walk, and housing options. For example, bike and ped projects are fully funded (see **Figure ES-4 & -5**).

Financial Challenges - Of all the challenges facing us today, there is none more critical than funding. With the projected growth in population, employment and demand for travel, the costs of our multimodal transportation system surpass projected revenues available from our historic transportation

... federal gas tax revenues have failed to keep up with inflation. Additionally, the increase in the number of electric and hybrid vehicles that pay significantly less gas tax per mile...

funding source – the gas tax. Maintaining the local transportation infrastructure is of critical importance for the entire region and was ranked as the highest priority based on public outreach. Funding from the federal gas tax has traditionally been used to support the maintenance of these facilities. Over time, however, federal gas tax revenues have failed to keep up with inflation. Additionally, the increase in the number of electric and hybrid vehicles that pay significantly less gas tax per mile traveled only exacerbates the problem.

In 2005, Former Congressman Bill Thomas secured \$720M in federal appropriations

which leveraged additional state and federal grant funding totaling over \$1B in transportation infrastructure expenditures in Kern. However, these funds are now nearly expended and there are no new funding sources identified to replace these one-time funds (see **Figure ES-6**).

The 2017 state gas tax increase known as SB 1, is a temporary solution to this problem. When adopted in 2017, estimates were that by 2030 the tax on gasoline will diminish to the point that another transportation funding source will be needed because of the number of electric cars on the road. In addition, the tax increase was estimated to only bring in half what was needed to bring our roadways up to good condition and being just enough to keep the road system from getting any worse. Thanks to the gas tax increase and heroic efforts of local jurisdictions and Caltrans, Kern continues to see the road pavement condition index hover between 63 and 65 out of 100. A long-term, funding solution is needed.

Most regions in the state have taken the maintenance and improvement of their transportation systems into their own

Figure ES-6: 2024 Ribbon Cutting - SR 58 Centennial Connector Freeway Shaves-Off an Average of !2 Miles on Trips Between I-40 and the Northern San Joaquin Valley/Bay Area via I-5

hands and have become “Self-Help” counties, by passing a local ½ cent retail sales tax measure protected from state raids during economic downturns. The State has also identified a special fund of state gas tax revenue for regions that are Self-Help. Kern is the largest county in the

From 2019 to 2024 public transit services in Kern countywide saw a 47% decrease in passengers

state without a local sales tax for transportation and misses out on \$2 million per year from this special fund, even though our residents pay into it.

Furthermore, with recent declines in transit ridership and fare revenue due to the pandemic, the region’s transit operators continue to face major obstacles to providing frequent and convenient transit services. Local and regional public transit is available within and between sixteen Kern County communities and has been experiencing challenges. From 2019 to 2024 public transit services in Kern countywide saw a 47% decrease in passengers from 7.9 million to 4 million. New services such as zero emission bus

rapid transit (BRT), combined with Uber/Lyft style, curb-to-curb, on-demand, last-mile, micro-transit are promising but need funds to implement/operate (See **Figure ES-7**).

PLANNING FOR GROWTH

Population, Housing, Employment & Traffic Forecasts - Population in the 8,200 square mile County of Kern was estimated to be over 924,000 in January 2025. Growth since the pandemic has been nearly flat at 1/3rd of one percent per year or about 3,000 people annually according to the California Department of Finance. The Kern COG adopted 2022 RTP forecast, projects 10,460 people per year over the 24-year planning period. This equated to a total growth of 30 percent. The revised population growth estimate shows only 11 percent resulting in a total population of 1,017,200 by 2049. This significant reduction has been driven primarily by out-migration exceeding natural increase (births minus deaths). Recent trends show a large exodus of people leaving the major urban counties and moving to more suburban counties like Riverside, or out of state. The Kern region remains California’s eleventh most populated county ahead of San Francisco, but behind Fresno County.

Figure ES-7: Golden Empire Transit Now Operates 14 Hydrogen and more than 60 CNG Buses

According to the California Employment Development Department (EDD), the unemployment rate is close to double the state rate reaching a high of 18.7% during the pandemic and is currently a little over 9% for January 2026. Kern’s continued high unemployment rate is partially due to the

To help mitigate the increased trucking, a \$100M trucking container depot and intermodal rail facility is under construction in Shafter. This is the only “BNSF Certified Site” in California marketed by the class one railroad.

slowdown in the oil and agriculture sectors.

Much of Kern employment is dispersed, such that, the Metropolitan Bakersfield area experiences a “reverse commute” whereby workers commute to outlying areas such as agricultural fields, food processing facilities, distribution/logistic centers, wind farms, oil fields, prisons, power plants, and military installations.

Goods Movement Increase - Kern has noticed a significant increase in trucking since 2018. According to the California Traffic Census, I-5 over the Grapevine has

seen truck traffic increase by 25% between 2018 and 2023. Warehousing and manufacturing square footage has doubled since the pandemic, in part due to a moratorium on new warehousing in the Inland Empire counties in Southern California. That warehousing demand has spilled over into the San Joaquin Valley, driving increased truck traffic.

To help mitigate the increased trucking, a \$100M trucking container depot and intermodal rail facility is under construction in Shafter (See **Figure ES-8**). This is the only “BNSF Certified Site” in California marketed by a class one railroad ([bnsf-premier-one-sheet-shafter-ca.pdf](https://www.bnsf.com/premier-one-sheet-shafter-ca.pdf)). The facility has a shipping price from BNSF to the ports of L.A./Long Beach and the Midwest that is competitive with trucking. Diverting these truck shipments to rail at Shafter reduces road-wear, emissions, congestion and traffic incidents on I-5 and 58 over the passes. Shipping by rail is 10 times more energy efficient and 7 times less polluting.

Regional Planning efforts such as the Kern Area Regional Goods Movement Operations (KARGO) Community Prosperity and Protection Study are identifying strategies to mitigate the negative effects of

Figure ES-8: April 2026 - 600 Plus Containers at Wonderful Company Shafter Container Depot Demonstrating Market for \$100M Intermodal Rail Yard Under Construction on BNSF Main line

goods movement in the region while enabling the economic benefits of high-tech jobs in resource processing, manufacturing, and logistics.

Land Use Development - Land use is one of the most important elements of effective transportation planning. Kern COG does

...the equity analysis has demonstrated that funds are being expended in a manner that benefits disadvantage communities better or as well as all communities countywide.

not have jurisdiction over land use planning, but the agency does advise and encourage dialogue among those involved in the decision-making process. The RTP/SCS and Regional RHNA were developed in consultation with local jurisdictions and are consistent with existing adopted general plans and zoning. Kern COG will continue to use the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA) to communicate with Kern cities and the county on issues of land use, transportation, and air quality to ensure that land use projects are environmentally sound.

PLANNING SUCCESSES

Updated on a 4-year cycle, here are a few notable sustainable community successes from the implementation of past plans. Over 60 success stories are found in **Appendix E**.

Clean California Highway Murals – Using local artists and themes several major highway bridge ramps and underpasses were decorated with beautiful murals through a grant from the Clean California Local Grant Program provided by Caltrans. (See **Figure ES-9**)

Equity - Every RTP cycle since 1998 has included an Integrated Environmental Justice Performance Measure Analysis (see **Appendix D**). Each cycle the equity analysis has demonstrated that funds are being expended in a manner that benefits disadvantage communities better or as well as all communities countywide. This is in large part because of the grassroots public outreach effort that ensures that the projects in the plan are supported by all communities.

Figure ES-9: Clean California Local Grant Program – SR 204 Garces Circle Overpass Murals

Safety – Although safety has seen some challenges in recent years based on performance measures, the Kern Region has completed a joint update of safety plans for 9 jurisdictions in 2022, ensuring

77% of investments in this plan are for operations/maintenance, active transportation, & transit projects.

eligibility for Highway Safety Improvement Program (HSIP) funds.

Telecommute Strategy – The Kern region has continued its strong support for telecommuting through its Commute Kern program. As demonstrated during the pandemic, over 35% of workers telecommuted up from 5% in prior years. Local statistically valid surveys indicate that approximately 10% of all workers plan to continue telecommuting after the pandemic, resulting in the single most

effective strategy for reduction of commute related traffic and emissions.

Longest Class I Car-Free Bike Trail in California – Started in 1976, Kern County has now completed the longest dedicated paved bike trail in the state extending 36.3 miles from Lake Ming to Lake Webb along the banks of the Kern River. The paved bikeway is used by commuters and recreational riders alike, promoting this plans sustainability and livability goals.

STRATEGIC INVESTMENTS

The RTP/SCS includes a forecast of reasonably available revenue over the next 20-plus years at \$15.7 billion (See Chapter 6). This RTP promotes a more efficient transportation system that calls for fully funding alternative transportation modes, while emphasizing transportation demand and transportation system management approaches for new capacity. 77% of investments in this Plan are for operations/

Figure ES-10: Investments by Mode 2026-2049 (\$ x 1,000) 77% for Operations/Maintenance, Transit & Active Transportation

maintenance, active transportation, and transit projects (See **Figure ES-10**).

REGULATORY REQUIREMENTS

The RTP fulfills multiple requirements with one document:

- Congestion Management Program
- Sustainable Communities Strategy & Rural Urban Connectivity Strategy
- Regional Housing Need Allocation
- Environmental Justice & Performance Measure Analysis
- Safety-Security Action Element

As the Congestion Management Agency, Kern COG prepares the federally required Congestion Management Program (CMP) which is integrated into Chapter 5 of the RTP. Through the Kern Regional Traffic Count Program, Kern COG monitors compliance with the congestion standards set in the CMP. The Program includes an innovative multi-model deficiency plan policy that looks at ways to improve mobility, such as HOV lanes to keep transit moving during peak congested periods. Note that since 2006, the number of segments on the CMP system that were showing congestion deficiencies has shrunk from 8 down to 1. This is primarily due to the slower population growth discussed above.

Figure ES-11: Kern's 7 Long-Range Regional Transportation Planning Goals

1. **Mobility** – Improve the mobility of people and freight;
2. **Accessibility** – Improve accessibility to major employment and other regional activity centers;
3. **Reliability** – Improve the reliability and safety of the transportation system;
4. **Efficiency** – Maximize the efficiency of the existing and future transportation system;
5. **Livability** – Promote livable communities;
6. **Sustainability** – Minimize effects on the environment; and
7. **Equity** – Ensure equitable distribution of the benefits among various demographic & user groups.

The SCS includes a Rural Urban Connectivity Strategy designed to ensure that rural economic sectors—agriculture, energy, tourism, military, and others—are not left out of efforts to provide for a more efficient transportation system.

To ensure consistency with the SCS, Kern COG engaged in the RHNA process concurrently with the development of the RTP. The RHNA is an 8-year document that provides low-income housing goals for each community in the region.

Recognized as a state best practice, the Kern RTP includes an innovative analysis with the Integrated Performance Measures Analysis for System Level, Smart Mobility Framework, Health Equity, Environmental Justice, and Title VI. The analysis includes Safety, and Ch. 5 includes the Safety-Security Action Element.

RTP GOALS

Figure ES-11 lists the 7 publicly vetted goals of the Regional Transportation Plan.

RTP SUMMARY HANDOUTS

The following handouts summarize this RTP/SCS benefits and assumptions.

SUMMARY OF BENEFITS

2026 Regional Transportation Plan

The region represented by the Kern Council of Governments is projected to grow by more than 11% by 2049. To protect the quality of life for future generations, the 2026 RTP is presented as an economic development strategy as well as a transportation infrastructure and sustainability investment.

MOBILITY BENEFITS

- ✓ The plan improves overall mobility and provides needed congestion relief by maintaining, fixing and finishing what we have
- ✓ The plan fully funds maintenance of the transportation system while increasing funding for bike, pedestrian, and transit facilities
- ✓ Implementation of the plan will nearly double the number of homes within walking distance to quality transit. By integrating land use and transportation, more than 70% of homes will be near quality transit compared to less than 60% under older plans.

ECONOMIC BENEFITS

- ✓ The Federal Highway Administration estimates that every \$1 billion spent on transportation infrastructure creates 13,000 job years of which 1/3rd can persist long after construction, generated by increased labor from better mobility and more efficient goods movement.
- ✓ This 24-year investment plan is projected to add over 64,740 5-year jobs) from construction, maintenance, and better mobility, and saves 21,000 additional existing jobs that would have been lost because of poor road conditions.
- ✓ The plan could ultimately add about 21,600 5-year permanent non-transportation sector jobs to the region, increasing Kern's economic base, adding capacity to re-invest in an ever more efficient transportation system, triggering an upward economic spiral for future generations.

HEALTH BENEFITS

- ✓ Improve air quality and public health by reducing all criteria pollutants, emissions and their precursors to meet national standards – oxides of nitrogen (Nox), reactive organic gasses (ROG), particulate matter (PM10), fine particulate matter (PM2.5) and Carbon Monoxide (CO).
- ✓ 4% or more reduction in health expenditures because of improved air quality.
- ✓ Promotes more active transportation by fully funding the Kern Active Transportation Plan and increasing funding for bike and pedestrian facilities by 700% over the 2011 RTP.

SUSTAINABILITY BENEFITS

- ✓ 20% reduction in farmland converted to urban/built-up uses outside city spheres of influence.
- ✓ 15% reduction in household water use providing a full range of housing choices
- ✓ 3% reduction in infrastructure costs by revitalizing existing communities compared to past plans

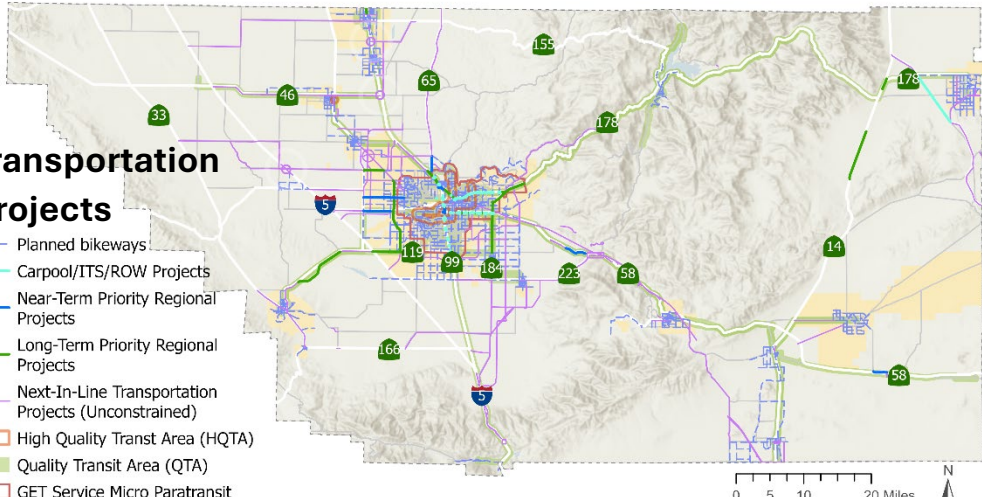

2026 Regional Transportation Plan

Reflecting diverse public input, the plan assumes projects that reflect a more efficient transportation system that will benefit the mobility, economy, health and sustainability of the region. Consistent with the prior plan, funding from traditional sources continue at historic rates as well as a slight increase in additional funding from potential new sources. Funding assumptions are updated every four years. Land use assumptions are based on local general plans with input from the public and the regional planning advisory committee.

Transportation Projects

- Planned bikeways
- Carpool/ITS/ROW Projects
- Near-Term Priority Regional Projects
- Long-Term Priority Regional Projects
- Next-In-Line Transportation Projects (Unconstrained)
- High Quality Transit Area (HQTA)
- Quality Transit Area (QTA)
- GET Service Micro Paratransit

Future Land Use Assumptions

- | Existing | Planned | Potential | PLACE TYPES |
|----------|---------|-----------|-----------------------------|
| | | | Strategic Employment |
| | | | <2,000 Employees |
| | | | 2,000-7,500 Employees |
| | | | >7,500 Employees |
| | | | Transit Service |
| | | | Passenger Rail Stations |
| | | | Bus Transit Center |
| | | | Passenger/Commuter Rail |
| | | | Feeder Bus |
| | | | Express Bus |
| | | | BRT Route |
| | | | High Speed Rail Alignments |

- | Existing | Planned | Potential | PLACE TYPES |
|----------|---------|-----------|----------------------------------|
| | | | Transit Priority |
| | | | Village (Neighborhood) |
| | | | ~ 50 to 5,000 population |
| | | | Town (Grocery) |
| | | | ~ 5,000 to 15,000 population |
| | | | Community (Major Retail) |
| | | | ~ 15,000 to 60,000 population |
| | | | Education Center |
| | | | High School |
| | | | Metropolitan Center |
| | | | ~ Greater than 60,000 population |

- | Resource and Other Layers | |
|---------------------------|--------------------------------------|
| | Urban, Built Up, Sphere of Influence |
| | Irrigated Farmland |
| | Public/Resources |
| | Federal Lands |
| | Major Routes |
| | Rail Service |

SOUTHEAST KERN SUBAREA

Regional Transportation Plan (RTP) 20+ Year Expenditure Program Summary By Major Expenditure Categories with Forecast of Existing and Potential New Funding Sources	YOE Cost (\$)**	Maintenance / Inflation Savings (\$)**	Percent of expenditures county-wide
Fix-It-First, Keep-It-Local / Cost-Efficient--Roadway Safety, Maintenance, Operations	195,888,000	92,067,000	
Advanced Tech, Safe, Clean Transportation--Transportation Control Measures (TCM)	576,445,800	75,493,500	
Priority Regional Projects	1,033,400,000	78,900,000	
Early Expenditures Subtotal	1,805,733,800	246,460,500	12.8%
Next-In-Line Projects****	36,935,300,000	6,092,400,000	
Grand Total of All Projects Benefiting Subarea	38,741,033,800	6,338,860,500	58.5%
		Share of County Population:	5.2%

**Year of expenditure (YOE) 1) Assumes 3% annl. inflation, assumed extra funding allows delivery of projects 5 yrs. early resulting in inflation savings, 2) Prioritize preventative maint., lowers cost by est. 47%.

***Active Transportation (bike & pedestrian) projects identified in the Kern COG Active Transportation Plan are fully funded and listed in table 5.1.

****Next-In-Line (unconstrained) projects include unfunded high speed rail segments in Kern totalling an estimated \$30 Billion. Any potential new local funding sources/savings shall not be used for this project.

Next-In-Line (unconstrained) projects have no funding identified yet. However, if early expenditure projects in Table 5.1 are delivered early and under budget, these projects would be the next in line for funding.

Fix-It-First, Keep-It-Local / Cost-Efficient--Roadway Safety, Maintenance, Operations

Roadway Safety, Maintenance and Operations

Sub Areas* Benefitted.	Jurisdiction(s)	Project	Scope	YOE Cost (\$)**	Maintenance / Inflation Savings (\$)**	RTP Project ID
3	California City - potential new funds	Various Locations	Roadways, bridges (RR, canals, etc), safety widenings; rehab/reconstruct., signalization, bike/ped imprvmts, etc	22,835,000	10,732,000	KER26RTP001
3	California City - existing funds	Various Locations	Roadways, bridges (RR, canals, etc), safety widenings; rehab/reconstruct., signalization, bike/ped imprvmts, etc	86,474,000	40,643,000	KER26RTP001
3	County Areas - potential new funds	Various Locations	Roadways, bridges (RR, canals, etc), safety widenings; rehab/reconstruct., signalization, bike/ped imprvmts, etc	49,559,000	23,293,000	KER26RTP001
3	County Areas - existing funds	Various Locations	Roadways, bridges (RR, canals, etc), safety widenings; rehab/reconstruct., signalization, bike/ped imprvmts, etc	195,888,000	92,067,000	KER26RTP001
3	State Highways - existing funds	Various Locations	State Highway Operations and Protection Program (SHOPP)	200,506,000	94,238,000	KER26RTP001
				555,262,000	260,973,000	Sub-total

*1) Arvin-Lamont, 2) Frazier Park, 3) Indian Wells Valley, 4) Lake Isabella, 5) Metro Bakersfield, 6) North Kern, 7) Southeast Kern, 8) Taft-Maricopa, 9) Tehachapi

**Year of expenditure (YOE) assumes 3% annual inflation. Additional funding assumed to allows delivery of projects 5 yrs. early resulting in inflation savings, and helps prioritize preventative maintenance, lowering cost by est. 47%.

Transit, Passenger Rail, Low-Zero Emissions Infrastructure, Intelligent Transportation Systems (ITS)

Sub Areas* Benefitted.	Jurisdiction(s)	Project	Scope	YOE Cost (\$)**	Inflation Savings (\$)**	RTP Project ID
1,2,3,4,5,6,7,8,9	Countywide	Vanpooling	Vanpooling, Park & Ride Lots	10,300,000	1,400,000	KER26RTP005
1,2,3,4,5,6,7,8,9	Countywide	Bus Service	Operations and Maintenance (incl. fare box, TDA, fed.)	16,400,000	-	KER26RTP018
1,2,3,4,5,6,7,8,9	Countywide	Intelligent Transportation Sys.(ITS)	ITS related improvements / upgrades - Traffic Ops, etc.	180,000	-	KER26RTP019
1,2,3,4,5,6,7,8,9	Countywide	Aviation	Capital, Maintenance and Operational Improvements	2,490,000	300,000	KER26RTP020
7,9	County/Rosamond	Passenger Rail	Metrolink extension - Palmdale/Lancaster to Rosamond	414,000,000	56,900,000	KER26RTP021
1,2,3,4,5,6,7,8,9	Countywide	Various Locations	Other TCMs,--Alternative fuel/zero emission infrastructure, Promotion of alt. modes, alt. commuting, etc.	4,770,000	700,000	KER26RTP025
				448,140,000	59,300,000	Sub-total

*1) Arvin-Lamont, 2) Frazier Park, 3) Indian Wells Valley, 4) Lake Isabella, 5) Metro Bakersfield, 6) North Kern, 7) Southeast Kern, 8) Taft-Maricopa, 9) Tehachapi

**Year of expenditure (YOE) assumes 3% annual inflation. Additional funding assumed to allow delivery of projects 5 years early resulting in an inflation savings.

***The largest portion of the Passenger Rail Program is funded through the CA High Speed Rail Authority (CHSRA) and like aviation and freight rail is included for information purposes only and beyond COG funding authority.

\$3.0B in HSR funding has been identified (fiscally constrained) for construction in the Kern region. An estimated \$20 billion is unfunded for the remaining segments in the Kern Region and can be found in Table 5.2. Continued delays in funding for the HSR project negate the possibility of any inflation savings.

STAFF REPORT

Rosamond Community Services District

DATE: May 27, 2026
TO: Board of Directors
FROM: Devin Sinner, Eide Bailly Finance Consultant
SUBJECT: Cash Balances – April 2026

RECOMMENDATION:

By motion, discuss and receive Cash Balances – April 2026 report.

EXECUTIVE SUMMARY:

The Cash Balances Report details the District’s cash position as of the month end to allow for transparency, accountability and relevant financial data from which to make prudent fiscal decisions and policy. The Cash Balances Report is different than a financial update report which is given quarterly and compares budgeted revenues and expenditures with actual activity, as its only purpose is to report on cash balances. It also differs from the Treasurer’s Report which reports on the investments of the District.

As of April 30, 2026, the District cash balances total \$2,733,449.55.

Cash Balances are allocated based on the original source the funds are generated or used from. As such, the above cash balance is broken out in the District funds as follows:

Water (Fund 01):	\$ 210,762.17
Sewer (Fund 02):	2,137,380.02
Street Lighting (Fund 03)	4,840.69
Lighting Assessment District (Fund 04):	37,246.49
Graffiti Abatement (Fund 06):	817.38
General (Fund 99)	342,402.80
Total	<u>\$ 2,733,449.55</u>

**Balances in parenthesis are negative.*

DISCUSSION/ANALYSIS:

The cash balance of \$210,762.17 in Water (Fund 01) is lower than usual due to the timing of cash receipts and is replenished in May 2025 with disbursements of Water Service Fees remitted from the County and reimbursement of expenditures from the State Water Board for the Prop 1 Grant funded Arsenic Consolidation Project.

STAFF REPORT

Rosamond Community Services District

DATE: May 27, 2026
TO: Board of Directors
FROM: Kim Domingo, General Manager
Subject: Public Hearing: Adoption of Resolution No. 2026-6 – Annual Budget for Fiscal Year Ending June 30, 2027

RECOMMENDATION:

Conduct the Public Hearing, Approve Resolution No. 2026-6, adopting the FY 26-27 budget.

BACKGROUND:

Two budget workshops have been conducted prior to the proposed action. The first workshop was conducted at the May 11, 2026 Finance Committee meeting and the second workshop was conducted with your Board on May 19, 2026. Staff received input from the Board, conducted planning sessions internally and provided recommendations to our financial consultant for inclusion in the proposed budget.

ANALYSIS:

The attached budget was developed using data from proposed and/or current vendors in addition to trending data from the previous 3 years to determine our expenses and is in a form that is consistent with previous budgets. The line item costs have been adjusted to reflect staff input as they relate to anticipated operational increases. The salary costs include the recently adopted MOU side letter increase, benefits and anticipated step, merit or promotion increases.

FISCAL REVIEW:

The proposed budget is balanced and based upon the recently adopted water and sewer use rates.

LEGAL REVIEW:

None

CONCLUSION:

Staff requests adoption of the recommended budget.

Kim Domingo, General Manager

Sherri Timm, Director of Administration

Resolution 2026-6

**ROSAMOND COMMUNITY SERVICES DISTRICT
RESOLUTION NO. 2026-6**

**RESOLUTION OF THE BOARD OF DIRECTORS OF THE
ROSAMOND COMMUNITY SERVICES DISTRICT
ADOPTING THE ANNUAL BUDGET FOR THE FISCAL
YEAR ENDING JUNE 30, 2027**

WHEREAS, the Rosamond Community Services District ("the District") is a community services district organized and operating pursuant to California Government Code Section 61000 et seq.; and

WHEREAS, there has been presented to the District's Board of Directors ("the Board") a proposed Annual Budget for the Fiscal Year Ending June 30, 2027 ("2026 Budget") in accordance with the requirements of Government Code Section 61110; and

WHEREAS, the Board has conducted a special board meeting to discuss the budget which was open to the public and has considered all comments received during that meeting regarding the proposed FY 2026-2027 Budget; and

WHEREAS, on May 27, 2026, the Board conducted a public hearing regarding the proposed FY 2026-2027 Budget in accordance with the requirements of Government Code Section 61110 and considered all comments received at said hearing; and

WHEREAS, the proposed FY 2026-2027 Budget has been reviewed and considered by the Board of Directors and it has been determined to be in the best interest of the District to adopt said budget for the sound financial operating of the District.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Rosamond Community Services District as follows:

1.0 Approval and Adoption of FY 2026-2027 Budget. The budget for Fiscal Year Ending June 30, 2027 for the Rosamond Community Services District, attached hereto as Exhibit "A" and incorporated herein by reference, is hereby approved and adopted, and the amounts of the proposed expenditures are appropriated and may be expended by the departments or funds for which they are designated, in accordance with the District's Purchasing Policy.

2.0 Severability. If any section, subsection, clause or phrase in this Resolution is for any reason held invalid, the validity of the remainder of this Resolution shall not be affected thereby. The Board hereby declares that it would have passed this Resolution and each section, subsection, sentence, clause, or phrase thereof, irrespective of the fact that one or more sections, subsections, sentences, clauses or phrases or the application thereof be held invalid.

3.0 Effective Date. This Resolution shall become effective as of the date of adoption set forth below.

4.0 Incorporation of Recitals. The Recitals set forth above are incorporated herein and made an operative part of this Resolution.

PASSED AND ADOPTED at a Regular Meeting of the Board of Directors of the Rosamond Community Services District held this 27th day of May, 2026.

President, Board of Directors
Rosamond Community Services District

CERTIFICATE

I, Sherri Timm, Secretary of the Board of Directors of Rosamond Community Services District, do hereby certify that the foregoing Resolution was regularly adopted by the Board of Directors of said District at a regular meeting of said Board duly held on the 27th day of May 2026, by the following vote:

AYES:

NOES:

ABSENT:

ABSTAIN:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of Rosamond Community Services District, this 27th day of May 2026.

Sherri Timm
Secretary of the Board of Directors

STAFF REPORT

Rosamond Community Services District

DATE: May 27, 2026

TO: Board of Directors

FROM: Sherri Timm, Director of Administration

SUBJECT: Adoption of Resolution No. 2026-7 by the Board of Directors of Rosamond Community Services District to Provide for the Collection of Water and Sewer Base Fees Through the Tax Roll of Kern County.

RECOMMENDATION:

By motion, adopt **Resolution No. 2026-7** of the Board of Directors of Rosamond Community Services District to provide for the collection of water and sewer base fees through the tax roll of Kern County.

BACKGROUND:

Base rates cover the infrastructure costs associated with delivering clean drinking water and disposing of sewage. These costs include system maintenance, equipment, facilities, customer service, administrative costs, and personnel. Base rates do not vary from month to month.

The District has been using the collection method of tax roll levy for charging and collecting the base water and sewer fees since 2020.

ANALYSIS:

This manner of collection of service fees is exempt from Proposition 218.

Government Code section 61115(b) authorizes the District to provide for the collection of base fees for water and sewer service on the tax roll in the same manner as property tax. A public hearing notice was advertised in a local newspaper and a public hearing notice with the proposed levies was mailed to District customers in accordance with the Government Code.

FISCAL REVIEW:

No cost is attributed by this action. There is no budgetary impact unless the attached resolution is not passed. This would impair the ability of the RCSD to collect the assessments needed to pay the District expenses.

LEGAL REVIEW:

N/A

CONCLUSION:

Staff recommends that the Board of Directors, by motion, approve and adopt the following **Resolution No. 2026-7** related to water and sewer base fees through the tax roll of Kern County for the FY 2026-2027.

Kim Domingo General Manager

Sherri Timm, Director of Administration

ATTACHMENTS:

Resolution 2026-7

Preliminary billing detail for water base fees

Exhibit B:

Preliminary billing detail for sewer base fees

RESOLUTION NO. 2026-7

RESOLUTION OF THE BOARD OF DIRECTORS OF ROSAMOND COMMUNITY SERVICES DISTRICT TO PROVIDE FOR THE COLLECTION OF WATER AND SEWER SERVICE BASE FEES FOR FISCAL YEAR 2026-2027 THROUGH THE TAX ROLL OF KERN COUNTY

WHEREAS, the Rosamond Community Services District (“District”) currently charges and collects base fees for water and sewer service (“Service Fees”) through the tax rolls of Kern County; and

WHEREAS, Government Code section 61115(b) authorizes the District to provide for the collection of such Service Fees on the tax roll in the same manner as property taxes; and

WHEREAS, on May 27, 2026, the Board conducted a public hearing regarding the levy of water and sewer base fees on the County tax roll in accordance with the requirements of Government Code Section 61115(b) and considered all comments received at said hearing; and

WHEREAS, this manner of collection of Service Fees is exempt from Proposition 218;

NOW THEREFORE, BE IT RESOLVED, by the Board of Directors of the Rosamond Community Services District as follows:

1. The Board of Directors of the District finds and determines that the foregoing Recitals are true and correct and incorporates the Recitals herein.

2. The Board of Directors hereby authorizes and directs the District General Manager, within five (5) business days of the adoption of this Resolution, to implement and take all actions necessary to effectuate the collection of Service Fees from the parcels identified on Exhibit’s A and B hereto, in the amounts designated thereon, through the County of Kern tax roll, including to submit the Service Fees to the Kern County Auditor-Controller’s office. The Auditor-Controller’s office is authorized to place the Service Fees on the tax roll.

3. If any section, subsection, subdivision, sentence, clause, or phrase in this Resolution or any part thereof is for any reason held to be unconstitutional or invalid, ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Resolution or any part thereof. The Board of Directors hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases be declared unconstitutional, invalid, or ineffective.

4. This Resolution shall become effective immediately upon its adoption.

PASSED, APPROVED AND ADOPTED this 27th day of May 2026 by the following vote:

Gregory Washington, President
Board of Directors
Rosamond Community Services District

Attest:

Sherri Timm, Secretary of the Board of Directors
Rosamond Community Services District

CERTIFICATION

I, Sherri Timm, Secretary of the Board of Directors of Rosamond Community Services District, certify that the foregoing resolution was adopted by the Board of Directors at a regular meeting held on the 27th day of May, 2026, by the following vote of the Directors:

AYES: Director(s)

NOES: Director(s)

ABSENT: Director(s)

ABSTAIN: Director(s)

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of Rosamond Community Services District, this 27th day of May, 2026.

					\$3,319,928.04

(1) The preliminary levy amount does not include special adjustments and may be subject to change.

(2) Assessor’s parcel identification, for each lot or parcel within the District, shall be based on the County Assessor’s secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

Based on County Assessor’s secured roll data, current assessor’s parcels, including corrected and/or new assessor’s parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor’s parcel has a status change in development, other land use change, or subdivides into multiple assessor’s parcels, the assessment amounts applied to each of the new assessor’s parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

(1) The preliminary levy amount does not include special adjustments and may be subject to change.

(2) Assessor's parcel identification, for each lot or parcel within the District, shall be based on the County Assessor's secured roll data for the applicable year in which this Report is prepared and is incorporated herein by reference.

Based on County Assessor's secured roll data, current assessor's parcels, including corrected and/or new assessor's parcels, will be submitted and/or resubmitted to the County Auditor/Controller. The annual assessment amount to be levied and collected for the resubmitted parcel(s) shall be determined in accordance with the method of apportionment and assessment rate approved in this Report. Therefore, if a single assessor's parcel has a status change in development, other land use change, or subdivides into multiple assessor's parcels, the assessment amounts applied to each of the new assessor's parcels shall be recalculated and applied according to the approved method of apportionment and assessment rate rather than a proportionate share of the original assessment amount.

STAFF REPORT

Rosamond Community Services District

DATE: May 27, 2026
TO: Board of Directors
FROM: Kim Domingo, General Manager
Subject: Approval of Task Order 2026-4 (AECOM) with AECOM – Grit Removal Project Design Amendment 2

RECOMMENDATION:

Approve the Task Order 2026-4 scope and fee proposal for the additional design services and authorize the President to Execute.

BACKGROUND:

On December 13, 2023, the Board approved a Master Services Agreement (MSA) with AECOM for consultant services to be performed on a Task Order basis. The terms of the agreement are memorialized during the contract life, streamlining the authorization process for the consultant and staff.

In the last 1.27 million gallons per day (MGD) wastewater treatment plant upgrade, the existing 0.5 MGD grit removal system was not upgraded as a cost savings measure. The thought was that the nominal grit removal benefit did not justify the cost of the upgrade. However, an unintended consequence of this decision was the existing system's lack of hydraulic capacity. Consequently, the plant peak throughput is limited to the hydraulic capacity of the grit channels. This has necessitated the diversion of untreated influent to the emergency overflow pond during the peak influent flows for return to the plant during the off-peak portions of the day. This operation does not meet the original design intent and results in additional operational labor costs including overtime costs to manage the plant flows after working hours.

The project will upgrade the grit removal system to handle the full influent capacity including at peak events. The project will allow operations staff to run the plant as originally intended with the added benefit of additional grit removal, lessening the frequency of aeration pond dredging events to remove accumulated grit.

On April 10, 2024, the Board approved Task Order 2024-5 to provide the grit removal upgrade design for a time-and-materials fee not to exceed \$120,000.

On May 21, 2025, the Board approved Task Order 2025-8, amending the scope of work to include the temporary bypass of sewage around the existing grit removal and the tie-in locations and sizing of the grit removal inlet and outlet piping. The Task Order increased the design fee by \$60,800 for a total fee of \$180,800.

Since the approval of the amendment, staff requested a significant design change from an upsizing of the existing grit removal technology to an arrangement that will be significantly operations and maintenance friendly and eliminate the need for a grit pump. Because of the technology change and a desire to keep the

existing grit system in place for redundancy, staff has changed the design such that additional drawings and specifications are needed to describe the work scope sufficiently to bid.

Proposed Task Order 2026-4 for the additional design work is for a time and materials fee, not to exceed \$73,500 for a total fee of \$254,300. Staff has reviewed the proposal and recommends approval.

ANALYSIS:

The additional design scope is required for the project success. Approval of the Task Order will authorize the preparation of a bid package for the project.

FISCAL REVIEW:

The design budget is funded under Capital Project No. 22515, which currently has \$1,750,000 available for expenditure.

LEGAL REVIEW:

N/A

CONCLUSION:

Approval is recommended.

CONCLUSION:

Approval is recommended.

Kim Domingo, General Manager

Sherri Timm, Director of Administration

Attachment A

TASK ORDER 2026 – 4 (AECOM)

This Task Order is made this 27th day of May, 2026, by and between the parties per the terms and conditions set forth in the Master Services Agreement executed between the parties with the effective date of December 14, 2023 ("Agreement"), which incorporated this Task Order by reference.

1. The Consultant Contract Number for this Task Order is _____. The Consultant Job Number for this Task Order is _____. The Consultant Contract Number and Job Number shall be referenced in each invoice submitted by Consultant to District under this Task Order.

2. The Services to be performed by Consultant under this Task Order are as follows:

Additional engineering services for the Grit Removal Project May 20, 2026 letter proposal

3. The Project Schedule is as follows:

Per attached May 20, 2026 letter proposal

4. The Compensation to be paid to Consultant for the performance of the Services under this Task Order is set forth as follows (appropriate rate sheet attached herein):

Time and Materials Fee not to exceed an amount of \$73,500 for a total of \$254,300 (see Task Order 2025-8)

5. Deliverables to be provided under this Task Order are as follows:

Per attached May 20, 2026 letter proposal

Proposal – WWTP Grit Removal System – Contract Amendment 2 – Additional Design of new grit chamber and process downstream of the new grit chamber.

AECOM Technical Services, Inc. (AECOM) is pleased to provide Rosamond Community Services District (RCSD) with this proposal for the design of modifications to accommodate a different grit chamber (above-ground vs. in-ground), provisions to allow the existing grit chamber to operate as it does now when the new grit chamber is out of service for maintenance, and expanded control features to facilitate four operational scenarios. We have made scope changes in line with the new direction received and are requesting additional budget and schedule to bring the revised design to completion.

Additional Scope of Work

Listed below is the additional scope of work. The sub task numbers align with the attached staffing plan and represent additional effort only:

- 1.1. A visit to North of River Sanitary District Wastewater Treatment Plant was requested to see how their grit removal system operated and meet with the plant operators. This work has been done.
- 1.2. From information gathered from the site visit, a new conceptual meeting presenting the pictures taken along with vendor supplied equipment drawings, was held with the District to commence with the new direction. This work has been done.
- 1.3. The change in direction also required a second 30% design and associated meetings to refine the revised design including site modifications to set the maximum height of the equipment and most importantly, properly size the equipment. This work has been done.
- 1.4. Prepare a new hydraulic profile to confirm the design of the system will function properly. In our prior scope, the profile was also prepared, but given the changes, it was necessary to prepare the revised profile and to show it on our plan set due to more extreme elevation differences.
- 1.5. Adjustments were also made to accommodate the added operational scenarios.
- 1.6. An added site visit by electrical engineering staff was needed to confirm locations of existing PLC's, existing valves, meters, piping and to determine routing of conduit, conductor, and cabling. That added visit was needed due to additional system changes.

1.7. To facilitate the changed operational requirements, additional and/or modified drawings will be required. The modifications and additions listed in descriptions below represent only the added effort to bring our deliverable to completion and ready to advertise. The items in bold represent additional sheets:

Sheet No.	Description
1	Cover Sheet and Sheet Index (Minor updates)
2	General Notes, Abbreviations, and Legend
3	Design Criteria (added sheet)
4	Process Flow Diagram (Minor updates)
5	Hydraulic Profile (added sheet)
6	Overall Site Plan and Site Survey Control (added sheet)
7	Staging Area and Demolition Plan (added sheet)
8	Grading Plan (Changes due to location of changed equipment)
9	Grit Removal System Site Plan (Changes due to location of changed equipment)
10	Grit Removal System Sections (Changes due to changed equipment)
11	Sludge Pump Station Plan (no changes)
12	Civil Details - 1 (minor updates)
13	Civil Details - 2 (revisions)
14	Civil Details - 3 (added sheet)
15	Grit Removal System Foundation Plan and Sections (Added sheet)
16	Splitter Box Foundation Plan, Top Plan, and Sections (No changes)
17	Structural Details (Revisions due to different equipment)
18	Electrical Legend and Abbreviations (No changes)
19	Electrical Site Plan - Power and Controls Plan (major changes)
20	Single Line Diagram 1 of 2
21	Single Line Diagram 2 of 2 (added sheet)
22	Panel Schedule (Edits)
23	Electrical Details (added sheet)
24	Conduit Schedule (added sheet)
25	Process Legend (added sheet)
26	Instrumentation Legend (minor edits)
27	Process & Instrumentation Diagram Grit Chamber (added sheet)
28	Process & Instrumentation Diagram Sludge Pump Station – 1 (added sheet)
29	Process & Instrumentation Diagram Sludge Pump Station – 2 (added sheet)

1.8. We also anticipate additional effort to prepare additional Civil, Mechanical, and Electrical and instrumentation specifications.

1.9. Additional resources to prepare the cost estimate because of the expanded project scope.

1.10. Upon completion of the 90% design and review by the District, AECOM will address District comments and finalize the design package including the plans, specifications, and cost opinion.

1.11. Additional resources for project management as the duration of the project has been extended because of expanded scope. We will also need to perform additional quality control to include the addition of a 30% design package, and additional plans and specs for the 90% and final design packages.

Schedule

AECOM will continue to work on the project with the following look-ahead schedule:

1	90% Design	June 10, 2026
2	RCSD Review	2 weeks
3	Final Design	4 weeks from design review meeting

Compensation

AECOM will provide the above-stated services for **\$73,500** of additional time and materials fee to our existing task order. The total project fee, including contract amendments 1 and 2, is **\$254,300**. This additional fee and revised schedule are based on the direction we received up until our meeting Wednesday, May 13, 2026. If further requirements are added, we will address them with you and let you know if they have impact on budget and/or schedule.

For a further cost breakdown, please refer to the attached staffing plan. The above-stated fee is based on the understanding that our services for the contract will conclude within one year of this offering.

We look forward to working with you on this project and thank you for giving us the opportunity to present this proposal. Please let us know if you agree with our scope and fee. We will begin work following your written authorization.

Very sincerely yours,

William C. Black, PE
Project Manager

Eric Garibay, PE
Principal Engineer

STAFF REPORT

Rosamond Community Services District

DATE: May 27, 2026

TO: Board of Directors

FROM: Kim Domingo, General Manager

Subject: Closure of District Office on June 18, 2026, for Observance of Juneteenth 2026.

RECOMMENDATION:

Close the District Office on Thursday, June 18, 2026, to observe Juneteenth.

BACKGROUND:

The Memorandum of Understanding (MOU) with AFSCME Local 1902 describes when a holiday is observed when it falls on a Saturday or Sunday but is silent when a holiday is observed on a Friday. The MOU does describe when a holiday falls on an employee's normal day off, the holiday may be taken as a floating holiday but must be taken before the end of the fiscal year, or by June 30.

This year, Juneteenth (June 19, 2026) occurs on a Friday. Staff recommends that the holiday is observed on the Thursday before Juneteenth instead of tracking a floating holiday for each employee. This will ensure that floating holidays that will need to be taken before June 30 do not create short-staff situations during this time period.

ANALYSIS:

The Public Works team will schedule an on-call staff member to cover emergency calls from the public during this proposed closure.

FISCAL REVIEW:

None

LEGAL REVIEW:

None.

CONCLUSION:

Approval is recommended.

Kim Domingo General Manager

Sherri Timm, Director of Administration
